

PRODUCT DESCRIPTION

Ethernet W5100 network expansion module, can become a simple Web server or a network control to read and write digital and analog interface and other network applications. IDE can be used directly in the Ethernet library files can be achieved with a simple Web server. We Are The Distributor Of TZT Brand In Hong Kong, China.

Meanwhile, the version supports mini SD card (TF card) reader

The expansion board uses a stackable design, it can be directly plugged into the , while our other expansion boards can also plug in to.

CODE

```
/*
 * Web Server
 *
 * A simple web server that shows the value of the analog input pins.
 */

#include

byte mac [] = {0xDE, 0xAD, 0xBE, 0xEF, 0xFE, 0xED};
byte ip [] = {192, 168, 0, 15};

Server server (80);

void setup ()
{
  Ethernet.begin (mac, ip);
  server.begin ();
}

void loop ()
{
  Client client = server.available ();
  if (client) {
    // An http request ends with a blank line
    boolean current_line_is_blank = true;
    while (client.connected ()) {
      if (client.available ()) {
        char c = client.read ();
        // If we've gotten to the end of the line (received a newline
        // Character) and the line is blank, the http request has ended,
        // So we can send a reply
        if (c == '\n' && current_line_is_blank) {
          // Send a standard http response header
          client.println ("HTTP / 1.1 200 OK");
          client.println ("Content-Type: text / html");
          client.println ();

          // Output the value of each analog input pin
          client.print ("welcome to tinyos");
          client.println ( "
");
          client.print ("// *****");
          client.println ( "
");
          client.print (www.tinyos.net.cn);
          client.println ( "
...

```

```
);
client.print ( "// *****");
client.println ( "
");
for (int i = 0; i
client.print ( "analog input");
client.print (i);
client.print ( "is");
client.print (analogRead (i));
client.println ( "
");
}
break;
}
if (c == '\ n') {
// We're starting a new line
current_line_is_blank = true;
} Else if (c! = '\ R') {
// We've gotten a character on the current line
current_line_is_blank = false;
}
}
}
client.stop ();
}
```

Weight : 25.0g
